So why don't you try to relish the newcomer awardees?
You've stuffed yourself with so many light novels this past month that your belly's about to burst.

'Kin no Tamago'

Recog-nize the differ-ence!
This is intensive training number two.

Oh my god, they are different!
I can tell which ones are easy to read and understand.

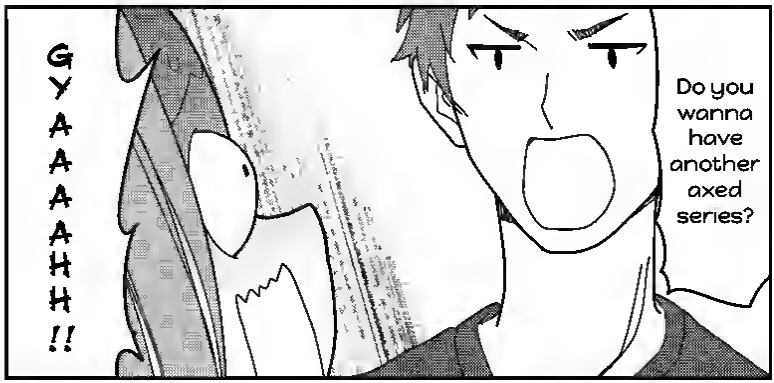
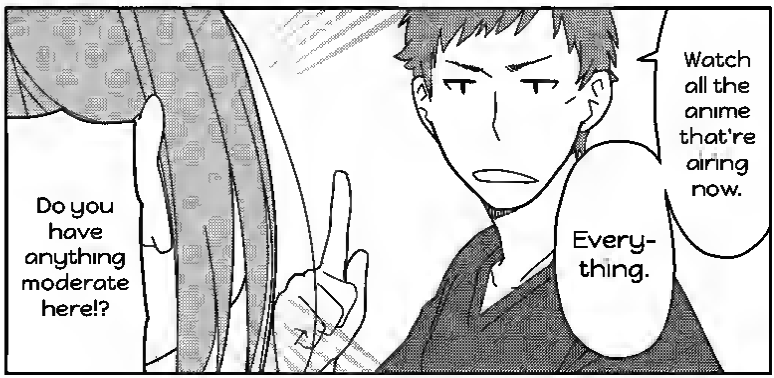
Takano-san, please let me go with you to the meeting.
I'm at my limit of being shut in here.
You're quick to run outta gas.
You're aware that you lack talent,
so what point is there in joining a meeting?

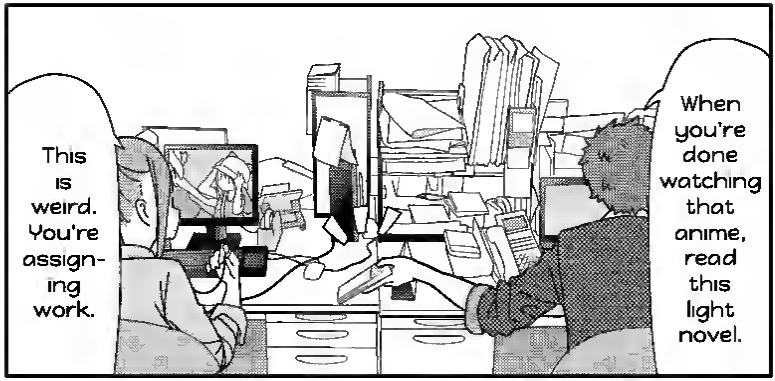


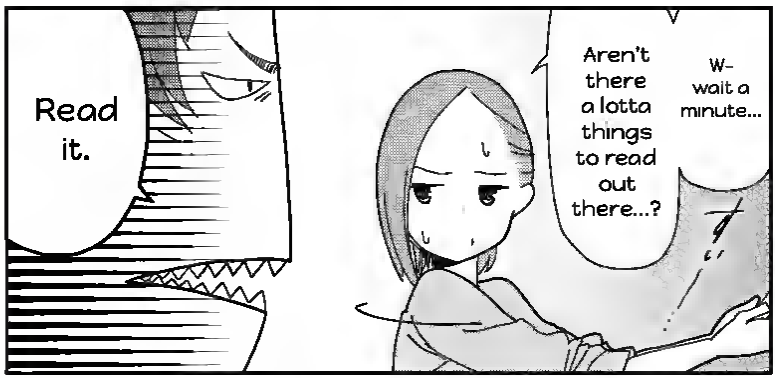
To know one thing, see everything.

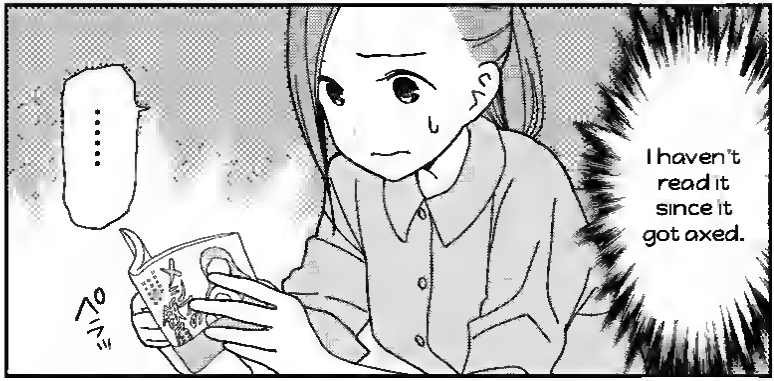


'Kin no Tamago'

Wait For The Right Moment

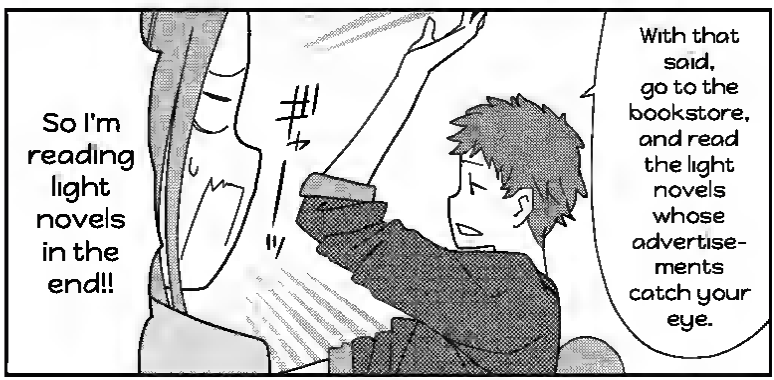






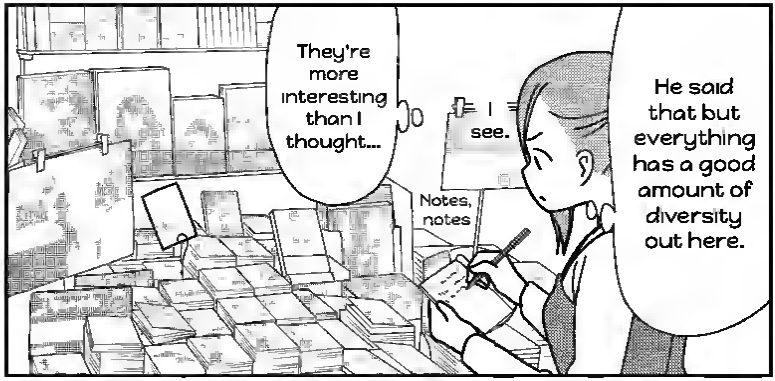
'Starting anew' in a certain way.

'Kin no Tamago'

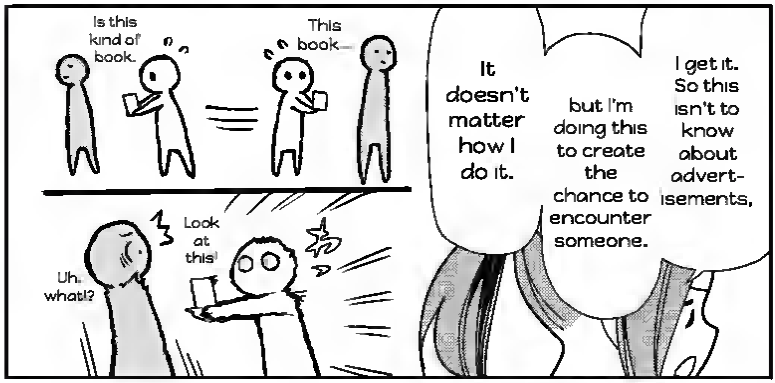


So I'm reading light novels in the end!!
With that said, go to the bookstore, and read the light novels whose advertisements catch your eye.

Discoveries And Ultimate Failures



They're more interesting than I thought...
I see.
Notes, notes
He said that but everything has a good amount of diversity out here.



Is this kind of book.

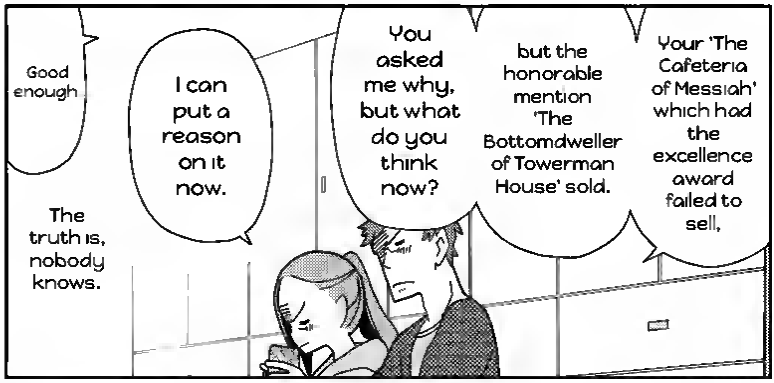
This is the end of your basic intensive sessions.
Now tackle them on your own in your free time from now on.



Good enough
I can put a reason on it now.
The truth is, nobody knows.
You asked me why, but what do you think now?
but the honorable mention 'The Bottomdweller of Towerman House' sold.
Your 'The Cafeteria of Messiah' which had the excellence award failed to sell,

She may grow up, but her personality won't change.
